Description	culture. The resort introduces a new concept, holistically capturing the essence of all that is Mediterranean and bringing it to life in the form of a luxury resort. This is a new luxury one isn't afraid to touch, one you can live in, and one with extraordinary character that allows you to remain in sync with the landscape of Greece while enjoying world class accommodation. The attraction to the sea and vibrant culture of Crete has naturally created a feel that blends the magic of the Mediterranean with an alternatively traditional, yet human luxury. Minimally interfering with the natural habitat and harmonically blended with their surroundings, the domed structures emerge from the ground, respecting its natural contours and creating a settlement on an amphitheater of flower gardens, stone pathways, and olive groves. Each suite and villa finds its roots in architecture from Greece, Carpath and Syria, borrowing features such as dotted and pyramidal ceilings that cool rooms capturing sea breezes, and create a new architecture of organically shaped living spaces at a human scale. Domes Haute Living Selection is consisted of Domes Luxury Residences, Domes Luxury Villas & Domes Core Residences and it is our elite tier accommodation. Our Haute Living Selection guests enjoy the following included services: Access to the Haute Living Room, Dedicated Villa Manager, 24/7 concierge services, Domes Exclusive check in experience at Grand Domes Bar, Upgraded welcome & bath amenities, Pillow menu selection, Delivery service of grocery list Mild earth tones are found throughout, embellished with works of art from internationally recognized art houses as well as one of a kind pieces from local artists. Breathtaking views of the sea and the UNESCO protected castle on the islet of Spinalonga are part of this new design inviting the senses to feast on sights, scents and tastes from the rich outdoors through large windows, and
