ECO FRIENDLY RESORT FOR A BETTER TOMORROW

- We are dedicated to sustainability. In order to save water and energy, we change your sheets, pillowcases and duvet covers on request. To help nature simply hang your towels on the rack to reuse them.
- More actions for the environment and our community
- Self-production up to 50% of daily electricity needs.
- Energy-saving lighting. (LED lamps + economy)
- Water saver throughout the property.
- Chemical-free swimming pool water treatment.
- Solar energy for heating Thalasso & Spa pools
- Landscaping without herbicides or pesticides.
- Source as much as possible from local food suppliers.
- Recycling policy for plastic, glass, cardboard, cooking oil and more.
- Implementation of a plastic & paper limit process (plastic bottles, straw, paper, etc.).
